Welcome Example 1234,

Boice-Willis Clinic, P.A.
A Premier Multi-Specialty Practice

Welcome to the Boice-Willis Clinic Patient Portal!

At Boice-Willis Clinic we are always looking for ways to better serve, communicate with, and involve you, our patient, in the management and improvement of your healthcare.

We are pleased that you have chosen to participate in the **Patient Portal** –

A convenient, secure, and private link between your physician's office and your home.

Follow the instructions on your screen to access your personal documents.

Please note that while we encourage you to use the **Patient Portal** for routine communication and information,

it is not intended to be used for medical emergencies. **If you feel you have a medical emergency, please call 911 immediately.**

Thank you for allowing us to care for you and your family's medical needs.

Boice-Willis Clinic Physicians and Staff

Please remember that this service is for non-urgent communications only!

If you have an emergency needing clinical care, please dial **911**.

9-Portal Home—Returns you to the home page of the Patient Portal (as seen in the first image)

10-Help

Welcome to the Patient Portal

Introduction

Welcome to the Patient Portal Online Help System. Here you can find information that will help you communicate with your physician's office in the most efficient and convenient manner possible.

IMPORTANT

THE PATIENT PORTAL IS NOT INTENDED FOR USE IN AN EMERGENCY!

IF YOU HAVE A TRUE MEDICAL EMERGENCY, DIAL 911 OR CALL YOUR LOCAL POLICE OR FIRE DEPARTMENT!

A Note about this Help System:

Medical practices use the Patient Portal in different ways. Some use certain features while others do not. As a result, the menus and windows that you see when you log in to the Patient Portal may look slightly different than the examples presented here, however, the structure, function, and navigation is generally similar.

For example, one practice may ask you to complete a particular questionnaire while another may not. The procedures, however, will be the same.

The help menu opens a separate browser page and allows you to see how the different features of the portal work. All features may not be turned on for use at BOICE WILLIS CLINIC at this time.

11-Our Doctors

The Our Doctors link opens the Boice Willis Clinic website to allow you to view information about our providers.

12-Sign Out

This signs you out of your patient portal section.
